DOLLARS ALMOST LOST.

The merchants over the county have been mistakenly persuaded into advertising of the most expensive class—that is the circular put up in the shape of a magazine. It is expensive because it is almost fruitless. The circular the merchants are spending postage on has absolutely no personality to it. The Hardinsburg and Cloverport merchants were sold the same circular. It contains a few pictures and not a single direct fact about the store itself. If merchants have dollars to spend on advertising in every way, shape and style, then the stereotyped circular may be considered, but newspaper advertising is the most sensible for the merchant who has to count expense. Spend \$10 for an ad in The Breckenridge News and you get the attention of 15,000 readers. Ten dollars for postage on 1,000 circulars, like every other merchant is using, if he was persuaded, reaches not a thousand readers because the circular is not personal. And it goes into the world unaccompanied with live news, social gossip and town talk that's dependable and attractive.

NO MORE DISAPPOINTMENTS.

We should give a vote of Thanks to the mail clerks on The Henderson Route for discontinuing the Sunday mail. It must have been a nuisance to our postmaster, who serves us so efficiently six days and nights in the week. Truly, it was a drawback to our churches. No one will have a disappointment on Sunday now over the letter that didn't come. There is always compensation in keeping (in the extreme, it might be said) the Sabbath day, free from all labor and holy with reverence.

FORGOTTEN APRIL SHOWERS.

President-elect Wilson will be sworn in as President on March 4, as provided by the Constitution, but the main inaugural ceremonies will be postponed until April 24. As his reason for making the proposed change Gov. Wilson gave the health of these participating in the inaugural ceremonies. March winds are not as disastrous to one's health as April showers are to new frocks and bonnets.

Our Irvington correspondent writes: At the session of the Southern Educational Association held at the Warren Memorial church, Dr. Charles C. Thatch, president of the Alabama Polytechnic Institute, spoke on the subject of "Training for Life Work in the Rural Schools," drawing a picture of ideal conditions in rural life, farms of from 35 to 50 acres, well tilled, well stocked, successful rotation of crops; farmers banded together for the production of the best of every product for which they stand a solid phalanx for the highest market price. Every farmer owning his auto, for this is the farmer's ally. His children being educated, not in the "Little Red Schoolhouse," too often a black, unsanitary log affair, but in a modern Consolidated Model School, where wagons carry the children to and fro, thus enabling the child to continue in school from the age of six to eighteen, and yet eat breakfast at his mother's side and sleep at night under his father's own roof. These are conditions which may reasonably be expected to be brought about in our Southland by means of proper legislation. The teaching body should stand for these measures.

Dennie Sheeran has his quietus from Auditor of State Bosworth. It took \$26,800 to get it. Dennie collected Friday and Saturday at Hardinsburg \$16,000. R. O. Perkins, D. C., this city, \$3,000; L. V. Chapin, city and school, \$1,956.75. Money will come to the front when it has to.

To Remind You

This season of the year is the time your house needs a new roof or the old one needs repairing. It is the best time to paint, to put up guttering or clean and repair the old ones to get the fall rains in your cistern, which may also need patching. To have you a new home built to eat Christmas dinner in. To make some nice concrete walks around your place. To look after your chimneys and flues and see if they are safe for the winter fires. I do all of the above, but if you prefer to do the work, let me figure with you on the material. A full and complete line of all kinds of

Lumber, Windows, Doors, Nails and Building Hardware, Brick, Lime, Sand, Cement, Shingles, Laths, Plaster, Galvanized Tin and Rubber Roofing, Guttering

Paints, Oils, Varnishes and Interior Finishes. All Kinds Frames and other Planing Mill Work to order.
